November 2011

Avon Library Closed from October 31 to November 28

The trees arrive!

(Halloween to Thanksgiving, or as soon as we can open.)

We are moving into the new library space so the old space can be renovated.

When the library is closed for three weeks:

- You can access your account online to place holds.
- Holds will be available for pickup in late November.
- The bookdrop will always be open.
- No items will be due during this time.

Reminder: Your library card can be used at all area libraries.

We apologize for this temporary inconvenience.

Please come visit us when we open in the new temporary space.

All of our online services will be available: www.avonctlibrary.info

Expansion Update

The fundraising campaign has exceeded the \$1 million goal. This is a wonderful accomplishment and an historic result. At the November Town Council meeting, we will present the Council and the Town Manager with the first \$500,000 to contribute to the library expansion project. These capital campaign funds will be used to cover some of the costs associated with finish work inside the building such as furniture, fixtures, lighting, carpeting and basic computer installations. Additional campaign funds will be used to support enhancements to the building, including more extensive electronic capabilities and services, such as RFID (Radio Frequency Identification Technology), electronic bulletin boards, and self-check-out stations, as well as workstations, signage, programming and collection development.

We still need more funding to equip the library with all of these features. The most expensive of these enhancements is RFID. What exactly is RFID and why is it important for the library to have this capability? Radio Frequency Identification is the most advanced collection management technology available to libraries. It is a state-of-the-art approach to the way a library is able to track its collections, inventory and usage statistics. RFID increases productivity, efficiency, customer service and security of the library's collection. This is particularly important because we are very focused on maximizing the capacity and capabilities of the new space, while minimizing the costs associated with doing so. In addition, it is very important that we secure funding for the cost of RFID installation throughout the library, because one of the grants we received includes an allocation for RFID, but it is contingent upon our ability to fully fund RFID in all other departments of the library.

If you have not yet made a contribution to the Avon Library Expansion Fund, please consider doing so today. Your donation is tax-deductible to the full extent of the law. Further information is available on our web site, at the library, or by contacting Campaign Chair Mark Nolan at: markpgs@comcast.net

President's Letter

The *Friends* offer a big thank you to all of you who have joined the Friends of the Library during our annual membership campaign. It is possible for us to provide programs and services that otherwise would not be possible through your membership dues. Although construction has made it challenging to find space for programs, we have still managed to have quite a few. We moved the very popular Thursday Classic Movie Afternoons to the Avon Senior Center. We also sponsored a teen party and several children's programs, as well as the summer ice cream social and the adult summer reading program. Both the Nutmeg Book Clubs found a space to meet, as well as the Chess Club, all sponsored by the Friends. And, as always, we sponsored the Summer Intern position at the library. If you have not joined yet for this year, please go online and print out a membership form. Then you too can enjoy the satisfaction of being a Friend and supporting our community library: the place that has something for everyone.

— *Barbara Leonard* President, Friends of Avon Library

AVON LIBRARY DONOR WALL

Did you know that donors who make a significant contribution to the Avon Library Expansion Fund will receive a special acknowledgement of their generosity? This will provide a lasting and public tribute to their generosity and support of the library and the Avon community.

Significant gifts at or above \$2,500 will be recognized on a donor wall which will be located in a prominent place in the new library, once construction is completed. Donors at the following giving levels will be identified, unless the donor requests anonymity.

\$100,000 and above	\$10,000 - \$24,999
\$ 50,000 - \$99,999	\$ 5,000 - \$ 9,999
\$ 25,000 - \$49,999	\$ 2,500 - \$ 4,999

CIVIL WAR PROGRAMS

A dramatic one-man performance of Walt Whitman was presented by actor Steven Collins at the Avon Senior Center on October 3rd to an audience of 58 poetry lovers and Civil War buffs. Mr. Collins portrayed Walt Whitman as he reflected on his lifetime work, *Leaves of Grass*, and recounted how his life was changed by working with wounded soldiers during the Civil War. The program was co-sponsored by the Avon Senior Center and Avon Education Foundation as part of the Avon Library's commemoration of the Civil War.

On Thursday, October 13, the library sponsored a Civil War program titled *Up Close and Personal: The Everyday Life of the Union Soldier*, presented by Avon resident, Jim Genco. The program had an outstanding attendance of 70 people and was held at the West Avon Congregational Church. This event was a continuation of the library's Civil War commemorative series, sponsored by a grant from the Avon Education Foundation.

Mac Kids!

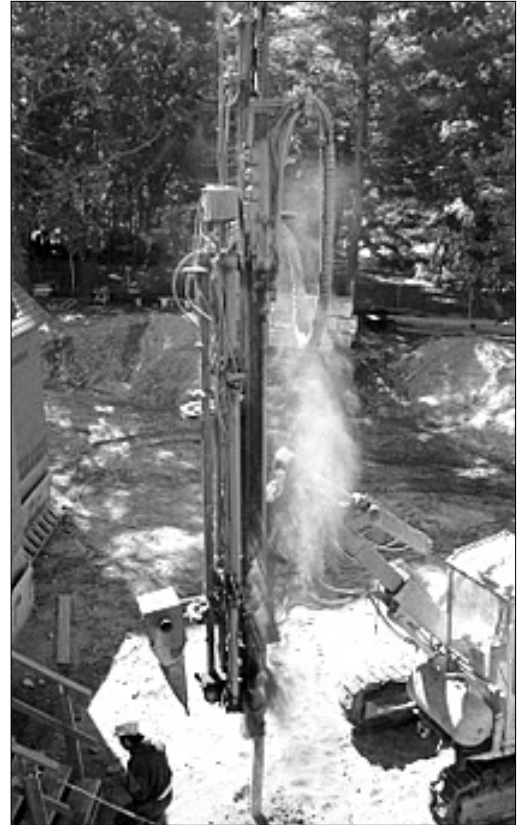

IRA ROLLOVER

If you are at least 70 1/2 years of age and have an IRA, you should consider a charitable IRA Rollover to the Avon Library Expansion Fund before the end of 2011. Qualified rollovers are not included in taxable income and can be tax advantageous. To initiate, contact your IRA administrator for directions and for a form to complete. Please notify the library of your intentions.
