

Programming Policy

Purpose:

The Avon Free Public Library (“the Library”), in keeping with its mission of promoting knowledge, ideas and cultural enrichment, develops and presents programs that provide information, learning and entertainment. Programming is an integral component of Library services that promotes and complements the Library’s other services and collections. It supports the Library's role as the center of the community. This policy provides guidelines for the development, management, and oversight of programs presented by the Library.

Key Definitions:

A Library program is a free event, virtual or in-person, planned by the Library staff for the benefit of those members of the public who opt to attend. It may involve outside presenters, facilitators or performers and may be presented in cooperation with other entities. Note: Use of a public meeting room by an organization or individual to hold a public event is not a Library program.

Scope:

This policy applies to all Library programs.

Roles and Responsibilities:

The Library Board delegates development, presentation and oversight of programs to the Library Director and staff.

The References & Adult Services Manager and the Children & Teen Services Manager are accountable for planning, scheduling and implementation of programs.

Designated Library staff are responsible for the development, coordination and supervision of Library programs.

Attendees are responsible for complying with the Library's Behavior Policy.

Procedures:

1. **Program Selection:** The Library strives to present programs that are educational, informational, cultural or recreational and avoids programs that do not meet these standards. Topics, content and timing of Library programs are developed with consideration of available resources and keeping community needs and interests in mind. Program selection is based upon the suitability of topic, format and intended audience. A program will not be excluded because its topic may be regarded by some as controversial. Library sponsorship of a program does not constitute or imply an endorsement of the content or of the presenter of the program.

- a. Library programs must have an educational, informational, cultural or recreational value to the community. Programs of a purely commercial

nature or those designed for the solicitation of business will not be offered by the Library.

- b. Programs that support or oppose any political candidate or ballot measure will not be approved or offered by the Library. However, educational programs, such as candidate forums that include invitations to all recognized candidates, may be offered.
- c. Programs that support or oppose a specific religion will not be approved or offered. Programs are planned to be inclusive of all cultures and of all religions and no religion. Library programs may address religious themes to educate or inform, but not to promote, observe or proselytize a particular religious conviction. Holiday programs may be offered for the entertainment of Library patrons.

2. Program Development, Coordination and Supervision: Library programs may originate from Library staff, partnering institutions or members of the public. In the event of a co-sponsored program, supervision of the program may be delegated to the co-sponsoring organization depending upon the timing and venue of the program. All programs sponsored or co-sponsored by the Library, however, must abide by this policy regardless of where they are hosted.

3. Program Access: Library programs are free and open to the public on a first-come first-serve basis. Registration may be in advance online or at the door. For programs targeted to a specific audience, e.g. children or teens, and promoted as such, preferential admission may be offered to those groups on a first-come first-serve basis, limited to those individuals as the Library deems appropriate. Any individual requiring accommodation to participate in a Library program should contact the Library two weeks prior to the program using the [Accessibility Accommodation Request Form](#).

4. Virtual Program Delivery: Some Library programs may be offered using a Library-approved virtual meeting platform that registered patrons may use to access the virtual program from their own internet-enabled devices. This may include programs that are simultaneously run at the physical Library as well as programs that are offered only virtually. While hosting the virtual program, Library staff, partnering organizations, and program facilitators will follow industry standard best practices for virtual events.

Some virtual programs may be pre-recorded and broadcast via the internet or recorded as presented for later viewing. In the event an interactive program is being recorded, attendees will be informed of that fact at the start of the program.

Live virtual programs require advance registration. Registered participants will receive via email a link to log on to the program and must not share that link with others. Information collected during the registration process will be used only to communicate information about that program or to confirm eligibility to participate in that program.

Patrons attending virtual programs are expected to adhere to the Library's Behavior Policy and failure to do so may result in their immediate removal from said program. The Library will make all reasonable efforts to ensure the digital security of virtual events, however attendees must understand that all online activity carries some degree of risk.

Patrons are required to provide their own equipment and internet connection to attend virtual programs. The Library will make a good faith effort to utilize platforms that will be compatible with the widest array of hardware and software, but makes no guarantee that every patron will be capable of accessing every Library program successfully. Nor can the Library guarantee the quality of the audio, video, or internet connection of program presenters or attendees.

5. Program Materials: Books, CDs, DVDs or other ancillary materials related to the content of a program may be offered for sale at a Library program as a convenience to attendees.

6. Program Evaluation: To provide the highest quality and most useful programming, Library staff will gather information about program results to guide future programming decisions. Outputs, such as the number of attendees at a program, will be gathered for all or almost all programs. Outcomes, such as how well the content of a program helped attendees learn about the program's topic, will be gathered at times when such data is required for grant reporting or would be helpful in evaluating a new program topic or format.

7. Public Expressions of Concern: The Library welcomes expressions of opinion from the public about Library programs. Concerns or questions should first be addressed to the Library staff coordinating the program. If this does not resolve the issue, a [Statement of Concern about Library Programs](#) form should be filed with the Library Director

Enforcement and Appeal Process: Participation in Library programs, as with all Library activities and events, is governed by the Behavior Policy ([link](#)).

Specifics regarding the suspension or revocation of Library privileges and the appeal process can be found in the Library's Circulation Policy ([link](#)).
