

# Makerspace Program Guidelines & Price List

Avon Free Public Library  
April, 2026

## Welcome to the Makerspace

Our Makerspace provides our community access to creative tools and equipment for designing, crafting, and prototyping projects. Whether you're working on a personal project or learning a new skill, we're here to support your creativity.

---

## General Usage Guidelines

- **Program Reservation:** Equipment use requires advance booking. Please check our website or with staff for availability.
- **Staff Assistance:** Staff will be available to guide you through and provide assistance.
- **Material use:** You are welcome to bring your own materials. All materials must be approved by staff before use.
- **Payment:** Fees apply for library-provided materials and printing services. Payment is required at the time of service.
- **Safety:** Follow all safety instructions and staff directions when using equipment. Misuse may result in loss of privileges.
- **Clean Workspace:** Users are responsible for cleaning their workspace after use.
- **Project Responsibility:** The library is not responsible for failed or damaged projects due to user error or material issues.
- One appointment can only make no more than two same items. Staff only assist with the use of the equipment, staff do not help with assembly of the items.
